

Service Award for Boards of Education

PURPOSE: To recognize the responsible and influential role of Boards of Education in developing successful school library/media center programs.

CRITERIA: Awarded to a district school board which has made decisions that indicate consistent and unique school library/media support.

1. What type of curriculum support has this school board given to the library/media programs that demonstrates outstanding leadership?
2. What types of funding are established to further promote library/media programs in the school district?
3. Does this district recognize outstanding library/media personnel in-house?
