

School Library Program of the Year

Purpose: To recognize excellence in schools and personnel for providing school library programs in elementary and/or secondary schools.

Criteria: Awarded to promote community awareness of outstanding services available to students and to emphasize the role of school library resources and professionals in educational programs and in child development. All nominated library programs must be directed by a certified school librarian and be SL21 certified.

1. Describe why this program should be recognized as an outstanding example of school library programming at the local level.
2. Describe how this program aligns with the goals of the AASL *Standards for the 21st-Century Learner*.
3. List the person(s) responsible for the success of this program and describe their impact on the school library program.
4. List appropriate staff names and titles of other individuals who are involved in this school library program, who are supportive, or who receive direct support as a result of this program.
5. The school librarian whose program is nominated must be a current member of MAME.
